

Transformations of Functions

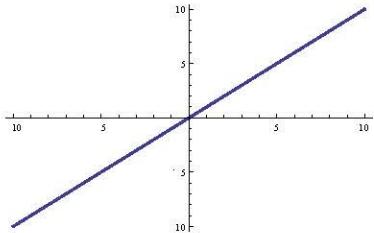

Multiple Transformations

When graphing a function that contains more than one transformation, perform the transformations in the following order:

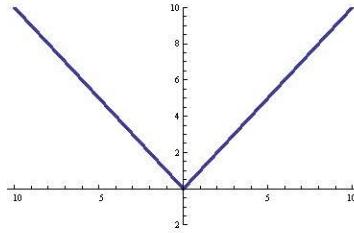

1. Horizontal shifting
2. Stretching or Shrinking
3. Reflection
4. Vertical shifting

Graphs of Basic Functions

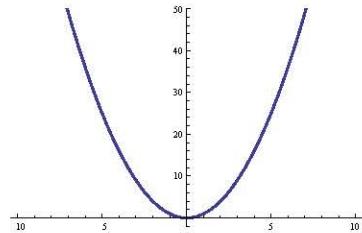

Linear Function
 $y = x$

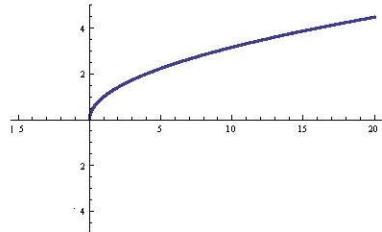

Absolute Function
 $y = |x|$

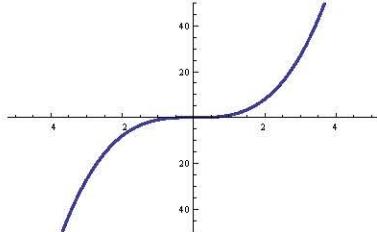

Quadratic Function
 $y = x^2$

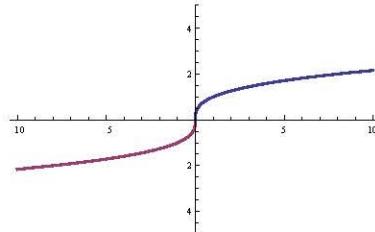

Square Root Function
 $y = \sqrt{x}$

Cube Function
 $y = x^3$

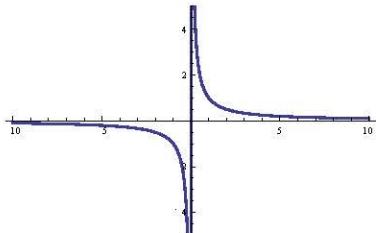

Cube Root Function
 $y = \sqrt[3]{x}$

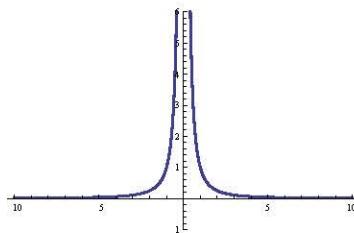

Rational Function
 (odd exponent)

$$y = \frac{1}{x}$$

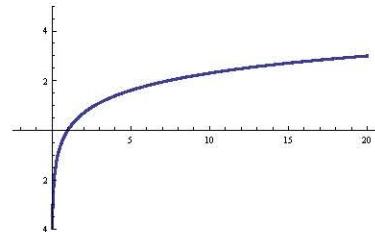

Rational function
 (even exponent)

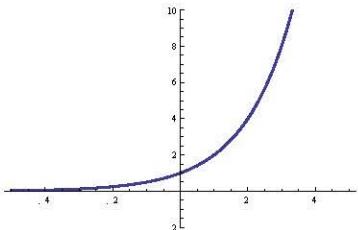

$$y = \frac{1}{x^2}$$

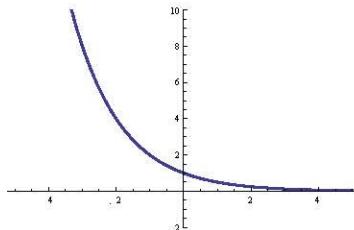

Log Function
 $y = \log x$ and $x > 0$

Exponential Function
 $y = a^x$ if $a > 1$

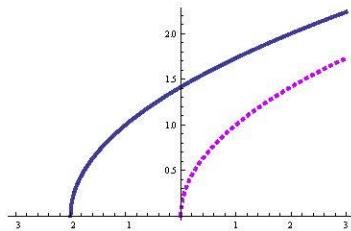

Exponential Function
 $y = a^x$ if $0 < a < 1$

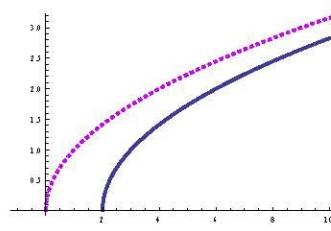

Examples of Transformations

NOTE: Dotted line is original function

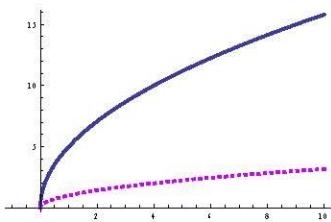

Example: Transformation of $y = \sqrt{x}$

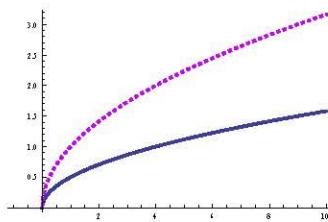

$y = \sqrt{x} + 2$
Horizontal shift to the
left 2 units

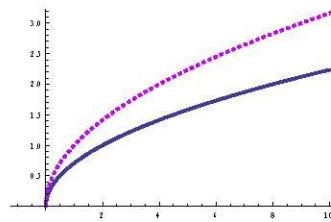

$y = \sqrt{x} - 2$
Horizontal shift to the
right 2 units

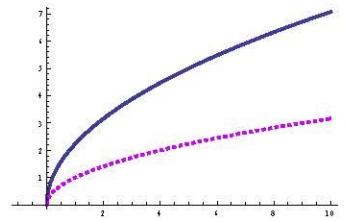

$y = 5\sqrt{x}$
Vertical stretch by
factor of 5

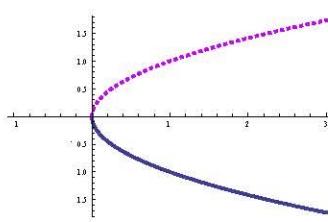

$y = 0.5\sqrt{x}$
Vertical shrink by
factor of 0.5

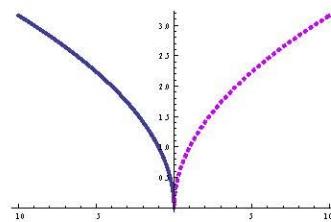

$y = \sqrt{0.5x}$
Horizontal stretch by
factor of 0.5

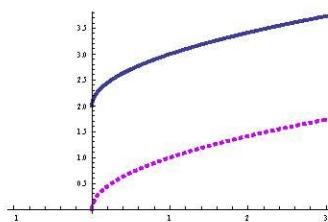

$y = \sqrt{5x}$
Horizontal shrink by
factor of 5

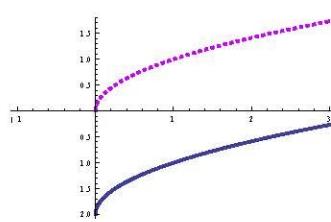

$y = -\sqrt{x}$
Reflect across x-axis

$y = \sqrt{-x}$
Reflect across y-axis

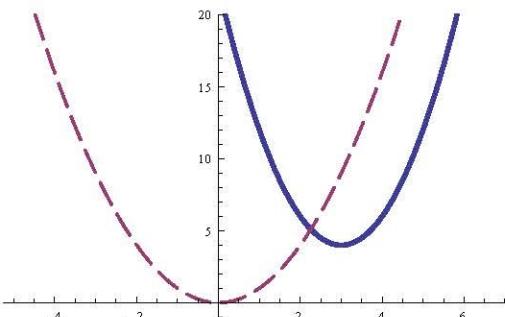

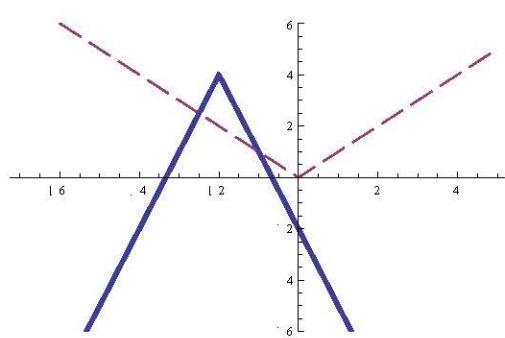

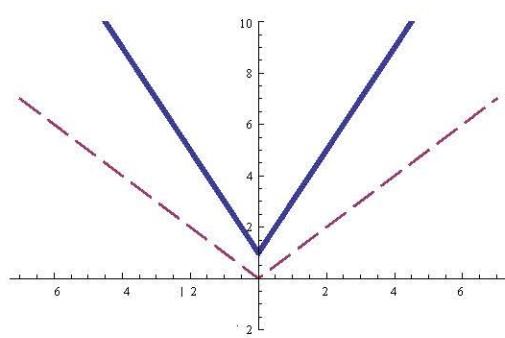

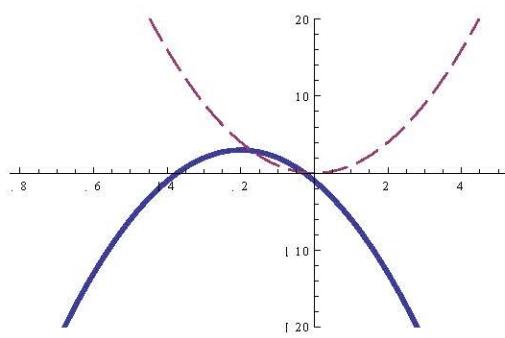

$y = \sqrt{x} + 2$
Vertical shift up 2 units

$y = \sqrt{x} - 2$
Vertical shift down 2 units

Examples of Multiple Transformations

NOTE: Dashed line is original function.

$y_1 = x^2$ $y_2 = 2(x - 3)^2 + 4$	 <p>1. Horizontal shift to the right 3 units 2. Vertical stretch by factor of 2 3. No Reflection 4. Vertical shift upward 4 units</p>
$y_1 = x $ $y_2 = -3 x + 2 + 4$	 <p>1. Horizontal shift to the left 2 units 2. Vertical stretch by factor of 3 3. Reflect across x-axis 4. Vertical shift upward 4 units</p>
$y_1 = x $ $y_2 = 2x + 1$	 <p>1. No Horizontal shift 2. Horizontal shrink by factor of 2 3. No Reflection 4. Vertical shift upward 1 unit</p>
$y_1 = x^2$ $y_2 = -(x + 2)^2 + 3$	 <p>1. Horizontal shift to the left 2 units 2. No stretch or shrink 3. Reflect across x-axis 4. Vertical shift upward 3 units</p>
