

150 WORDS MOST OFTEN MISPELLED

You are not alone if you misspell one of a large number of confusing words. The only way to learn these words is by going over them again and again. Write them. Say them. Look at them. Use them in sentences.

The most commonly misspelled words are divided into groups to make them easier for you to study. Try learning one group a week.

100 MORE OFTEN MISPELLED WORDS

Frequent short spelling tests help to establish correct spelling in your mind. Work with no more than twenty words at a time. Have the words dictated to you. Study the words you miss by dividing them into syllables, saying them, and learning their meanings so that you can use them in sentences. Then, write them again from dictation.

<u>I</u>	<u>II</u>	<u>III</u>	<u>IV</u>	<u>V</u>
